Power Plants

69 completed projects, 2002–2025 — engineering, electrical and I&C works for Elektroprivreda Srbije (EPS) thermal power plants

THERMAL POWER PLANTS

PROJECT DESCRIPTION	CLIENT	CONTRACT VALUE	YEAR
Construction of waste water treatment plant at TPP Nikola Tesla B; erection/commissioning of electrical and I&C equipment with supply of installations	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	241.583 EUR	2024–2025
Flue Gas Desulphurization Construction for Thermal Power Plant Nikola Tesla TPP Nikola Tesla Obrenovac; Design, Engineering, Erection, putting in operation of electrical middle voltage and low voltage equipment and installations and I&C equipment and installations	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	17.258.514 EUR	2017–2024
Flue Gas Desulphurization Construction for Thermal Power Plant Nikola Tesla TPP Nikola Tesla Obrenovac; Design, Engineering,Delivery and installations of electrical heat tracing system including testing and commissioning	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	635.000 EUR	2017–2024
Supply of the products, engineering, delivery, installation and commissioning low voltage electrical equipment for System 030 for TPP Kostolac B, Unit 3	Electric Power Industry of Serbia, TPP KOSTOLAC-B, Kostolac, Serbia	179.720 EUR	2022–2023
Replacement of 6kV power cable of electromotors in TPP Nikola Tesla A, Unit 5	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	34.228.540 RSD	2022
Belgrade Energy from waste project – installation of TGU unit; engineering,material supply and erection for electrical and instrumentation site activities, including testing and commissioning	Beo Clean Energy, Belgrade – Vinca landfill site, Serbia	228.000 EUR	2021–2022

PROJECT DESCRIPTION	CLIENT	CONTRACT VALUE	YEAR
Annual regular, overhaul and corrective maintenance of I&C equipment and installations in TPP Nikola Tesla A Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	19.468.000 RSD	2020–2022
Annual regular,overhaul and corrective maintenance of middle voltage and low voltage electrical equipment and installations in TPP Nikola Tesla A Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	19.580.000 RSD	2022
Annual regular,overhaul and corrective maintenance of middle voltage and low voltage electrical equipment and installations in TPP Nikola Tesla A Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	18.920.000 RSD	2021
Construction of waste water treatment plant at TPP Kostolac B; supply and erection/commissioning of electrical equipment- 0,4kV switchgears, cabling, lighting, earthing and lightning, electrical heat tracing	Electric Power Industry of Serbia, TPP Kostolac B, Serbia	52.519.270 RSD	2019–2020
Regular maintenance of high voltage and medium voltage equipment and installations at TPP Kolubara	Electric Power Industry of Serbia, TPP KOLUBARA, Veliki Crljeni, Serbia	19.800.000 RSD	2020–2022
Annual overhaul maintenance of I&C equipment at TPP Nikola Tesla B Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-B, Obrenovac, Serbia	5.787.700 RSD	2021
Annual overhaul maintenance of I&C equipment at TPP Nikola Tesla B Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-B, Obrenovac, Serbia	5.794.000 RSD	2020
Waste storage facility TPP Morava Svilajnac; supply and installation of 6kV electrical equipment, including testing and commissioning	Electric Power Industry of Serbia, TPP MORAVA, Svilajnac, Serbia	11.950.000 RSD	2019
Regular maintenance of 0,4kV, 6kV, 110kV electrical equipment, ACCU batteries and I&C equipment in TPP Morava Svilajnac	Electric Power Industry of Serbia, TPP MORAVA, Svilajnac, Serbia	6.480.000 RSD	2019
Annual regular,overhaul and corrective maintenance of middle voltage and low voltage electrical equipment and installations in TPP Nikola Tesla A Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	19.200.000 RSD	2019–2020
Annual regular, overhaul and corrective maintenance of I&C equipment and installations in TPP Nikola Tesla A Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	11.935.000 RSD	2019–2020
Replacement of tubing, instrument valves, pressure and flow meters in TPP Kostolac B	Electric Power Industry of Serbia, TPP KOSTOLAC-B, Kostolac, Serbia	7.991.000 RSD	2019
Regular maintenance of high voltage and medium voltage equipment and installations at TPP Kolubara	Electric Power Industry of Serbia, TPP KOLUBARA, Veliki Crljeni, Serbia	9.750.000 RSD	2018–2019
Construction works on turbine retrofit at Unit A4 in TPP Nikola Tesla Obrenovac; installation of I&C equipment, cabling, including testing and commissioning	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	65.000 EUR	2018
Reconstruction of temperature measurements of motors for flue gas fans and motors for coal mills; supply and installation of measuring equipment, cabling, testing and putting in operation	Electric Power Industry of Serbia, TPP KOSTOLAC-B, Kostolac, Serbia	3.171.022 RSD	2018
Supply and installation of lighting equipment for B3 Construction Site in TPP Kostolac B	Electric Power Industry of Serbia, TPP KOSTOLAC-B, Kostolac, Serbia	40.984 EUR	2018

PROJECT DESCRIPTION	CLIENT	CONTRACT VALUE	YEAR
Regular maintenance of 0,4kV, 6kV, 110kV electrical equipment, ACCU batteries and I&C equipment in TPP Morava Svilajnac	Electric Power Industry of Serbia, TPP MORAVA, Svilajnac, Serbia	7.900.000 RSD	2018
Annual overhaul maintenance of I&C equipment at TPP Nikola Tesla B Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-B, Obrenovac, Serbia	4.290.660 RSD	2018
Annual regular,overhaul and corrective maintenance of middle voltage and low voltage electrical equipment and installations in TPP Nikola Tesla A Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	18.960.000 RSD	2018
Annual regular, overhaul and corrective maintenance of I&C equipment and installations in TPP Nikola Tesla A Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	11.955.600 RSD	2018
Reconstruction of control system of coal transport facility D1 in TPP Nikola Tesla A Obrenovac; cabling and installation of equipment	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	5.983.765 RSD	2018
Waste storage tank in TPP Nikola Tesla A Obrenovac; civil works,delivery, installation of medium voltage power supply cables, transformes,low voltage switchgears, outdoor lighting, earthing, telecommunication and F&G systems	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	830.000 EUR	2017
TCF for construction of Unit 3 in TPP Kostolac B; supply and installation of transformers 6/0,4kV, switchgears, cabling, grounding, including testing and commissioning	Electric Power Industry of Serbia, TPP KOSTOLAC-B, Kostolac, Serbia	148.533 EUR	2017–2018
Overhaul of 0,4kV switchgear in TPP Morava Svilajnac; supply and installation of electrical equipment and material, including testing and commissioning	Electric Power Industry of Serbia, TPP MORAVA, Svilajnac, Serbia	9.906.008 RSD	2017
Annual maintenance of I&C and electrical equipment in TPP Kostolac	Electric Power Industry of Serbia, TPP KOSTOLAC-B, Kostolac, Serbia	24.882.000 RSD	2017
Annual regular,overhaul and corrective maintenance of middle voltage and low voltage electrical equipment and installations in TPP Nikola Tesla A Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	19.992.000 RSD	2017
Annual regular, overhaul and corrective maintenance of I&C equipment and installations in TPP Nikola Tesla A Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	14.994.000 RSD	2017
Regular maintenance of high voltage and medium voltage equipment and installations at TPP Kolubara	Electric Power Industry of Serbia, TPP KOLUBARA, Veliki Crljeni, Serbia	7.888.000 RSD	2017
Supply of goods with the disassembly-assembly work and production of technical documentation for the new DCS control system at Unit B2 TPP Nikola Tesla Obrenovac	Electric Power Industry of Serbia, TPP NIKOLA TESLA-B, Obrenovac, Serbia	774.000 EUR	2016–2017
Backup power for electrostatic precipitators in TENT-A (A3-A6); supply and installation of 6 kV and 0.4 kV equipment, cable traces,cabling,project design documentation,including testing and commissioning	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	49.983.242 RSD	2016–2017
Reconstruction of electrostatic precipitators of Unit TPP MORAVA; supply and installation of 6 kV and 0.4 kV equipment, installations of transformers, rectifiers and I&C equipment, testing and commissioning	Electric Power Industry of Serbia, TPP MORAVA, Svilajnac, Serbia	451.000 EUR	2016
Construction of oil waste water treatment plant at TPP TENT A; installation of 0,4kV switchgears, frequency converters, I&C equipment, F&G equipment, cabling, lighting, earthing and lightning, including testing and commissioning	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	74.000 EUR	2016–2017

PROJECT DESCRIPTION	CLIENT	CONTRACT VALUE	YEAR
Reconstruction of electrostatic precipitators of Unit A3; installation of 6 kV and 0.4 kV equipment and installations, transformers, rectifiers and I&C equipment including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	300.000 EUR	2014–2015
Reconstruction of Unit B1, 670MW; delivery and installation of 6 kV and 0.4 kV switchgear, installation of I&C and DCS equipment, including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-B, Obrenovac, Serbia	1.701.041 EUR	2012
Refurbishment project of Unit B2, 350MW with reconstruction of electrostatic precipitators ; delivery and installation of 0.4 kV switchgear, cable routes and cabling, lighting, testing and commissioning.	Electric Power Industry of Serbia, TPP KOSTOLAC-B, Kostolac, Serbia	1.493.082 EUR	2010–2012
Reconstruction of electrostatic precipitators of Unit B2; installation of 6 kV and 0.4 kV equipment and installations, transformers, rectifiers and I&C equipment including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-B, Obrenovac, Serbia	205.280 EUR	2011
Reconstruction of 110 kV switchgear; delivery of equipment, installation, including testing and commissioning.	Electric Power Industry of Serbia, TPP KOLUBARA-A, Veliki Crljeni, Serbia	24.724.912 RSD	2010–2011
Reconstruction of Unit B2, 350MW; delivery of I&C equipment, installation, including testing and commissioning.	Electric Power Industry of Serbia, TPP KOSTOLAC-B, Kostolac, Serbia	63.296.170 RSD	2010
Reconstruction of electrostatic precipitators of Unit A6; installation of 6 kV and 0.4 kV equipment and installations, transformers, rectifiers and I&C equipment including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	12.932.000 RSD	2010
Reconstruction of ash and slag disposal system; delivery of middle and low voltage electrical equipment and I&C equipment, cabling, installation, including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-B, Obrenovac, Serbia	472.191 EUR	2009
Reconstruction of fire&gas detection system; delivery of equipment, installation, including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	460.000 EUR	2009–2010
Reconstruction of ash and slag disposal system; installation of 6 kV and 0.4 kV equipment and installation, including testing and commissioning.	Electric Power Industry of Serbia, TPP KOLUBARA-A, Veliki Crljeni, Serbia	212.546 EUR	2009
Reconstruction & modernization of Unit A6, 348MW; installation of 6 kV and 0.4 kV switchgear, I&C equipment including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	2.008.230 EUR	2008–2010
Fire protection of slanted bridges for coal feeders/conveyers; delivery of equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	100.160.144 RSD	2008–2010
Reconstruction of ash and slag disposal system; delivery of electrical and I&C equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP KOSTOLAC-B, Kostolac, Serbia	719.813 EUR	2008–2009
Reconstruction of Unit B1, 350MW; delivery of electrical and I&C equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP KOSTOLAC-B, Kostolac, Serbia	1.267.870 EUR	2008
Reconstruction of electrostatic precipitators of Unit A5; installation of 6 kV and 0.4 kV equipment and installations, transformers, rectifiers and I&C equipment including testing and commissioning.	Electric Power Industry of Serbia, TPP KOLUBARA-A, Veliki Crljeni, Serbia	147.653 EUR	2008
Reconstruction of Unit A4, 308MW; delivery and installation of 6 kV and 0.4 kV switchgear, I&C equipment, including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	5.251.000 EUR	2007

PROJECT DESCRIPTION	CLIENT	CONTRACT VALUE	YEAR
Reconstruction of Unit A2, 210MW; delivery of electrical and I&C equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP KOSTOLAC-A, Kostolac, Serbia	375.000 EUR	2007
Reconstruction of Boiler K2; delivery of electrical and I&C equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP KOSTOLAC-A, Kostolac, Serbia	59.464.807 RSD	2007
Reconstruction of electrostatic precipitators of Unit A4; installation of 6 kV and 0.4 kV equipment and installations, transformers, rectifiers and I&C equipment including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A Kostolac, Serbia	291.700 EUR	2007
Reconstruction of electrostatic precipitators of Unit A4; installation of 6 kV and 0.4 kV equipment and installations, transformers, rectifiers and I&C equipment including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	291.700 EUR	2007
Reconstruction of Unit A1, 210MW; delivery of electrical and I&C equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	77.090.868 RSD	2006
Reconstruction of electrostatic precipitators of Unit A1; installation of 6 kV and 0.4 kV equipment and installations, transformers, rectifiers and I&C equipment including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	235.000 EUR	2006
Reconstruction of Unit A2; delivery of electrical and I&C equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP KOSTOLAC-A, Kostolac, Serbia	375.060 EUR	2006
Reconstruction of Boiler K1; delivery of electrical and I&C equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP KOSTOLAC-A, Kostolac, Serbia	15.433.351 RSD	2005–2006
Reconstruction of electrostatic precipitators of Unit A2; installation of 6 kV and 0.4 kV equipment and installations, transformers, rectifiers and I&C equipment including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	8.410.976 RSD	2005
Reconstruction of electrostatic precipitators of Unit A5; installation of 6 kV and 0.4 kV equipment and installations, transformers, rectifiers and I&C equipment including testing and commissioning.	Electric Power Industry of Serbia TPP NIKOLA TESLA-A, Obrenovac, Serbia	150.000 EUR	2004
Reconstruction of Unit 125MW; delivery of electrical and I&C equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP Morava, Svilajnac, Serbia	250.000 EUR	2004
Reconstruction of Unit A3, 308MW; delivery and installation of 6 kV and 0.4 kV switchgear, I&C equipment, including testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-A, Obrenovac, Serbia	350.280 EUR	2002–2003
Reconstruction of Boiler K2 in auxiliary boiler room; design, delivery of electrical and I&C equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP NIKOLA TESLA-B, Obrenovac, Serbia	173.423 EUR	2002
Reconstruction of Unit A5 110MW; delivery and installation of 6 kV and 0.4 kV equipment and installations, transformers, inverter system, insulated busbar system, cables and cable routes, including testing and commissioning.	Electric Power Industry of Serbia TPP KOLUBARA-A, Obrenovac, Serbia	892.82000 EUR	2002
Reconstruction of Unit A5 110MW; delivery of electrical and I&C equipment, installation, testing and commissioning.	Electric Power Industry of Serbia, TPP KOLUBARA-A, Obrenovac, Serbia	188.090 EUR	2002
